INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
Old Bridge Township Housing Authority
2000 Route 18 North, Suite 100
Old Bridge, New Jersey 08857

Report on the Financial Statements

We have audited the accompanying financial statements of the Old Bridge Township Housing Authority (a governmental public corporation) in Old Bridge, New Jersey, hereafter referred to as the Authority, which comprise the statement of net position as of December 31, 2015, and the related statement of revenue, expenses and changes in net position, statement of cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Old Bridge Township Housing Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Old Bridge Township Housing Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Old Bridge Township Housing Authority as of December 31, 2015, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Method of Accounting for Pensions

As discussed in Note 1 to the financial statements, the Authority changed its method for accounting and financial reporting of pensions as a result of the adoption of Governmental Accounting Standards Board Statement No. 68 *Accounting and Financial Reporting for Pensions – an Amendment of GASB Statement No. 27*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and PERS supplemental information budgetary comparison information on pages 4 through 15 and pages 47-48 be presented to supplement the basic financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards accepted in the United States of America, which consisted of inquiries of management about the method of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) is presented for purposes of additional analysis and is not a required part of the financial statements. Lastly, the supplemental information on the accompanying Financial Data Schedule is presented for the purpose of additional analysis and is not a required part of the financial statements. The Schedule of Federal Awards and the Financial Data Schedule are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements.

The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued reports dated August 22, 2016 on our consideration of the Old Bridge Township Housing Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters.

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That reports are an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Old Bridge Township Housing Authority's internal control over financial reporting and compliance.

**OLD BRIDGE TOWNSHIP HOUSING AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
AT DECEMBER 31, 2015**

As Management of the Old Bridge Township Housing Authority (the Authority), present the following discussion and analysis which is supplementary information required by the Governmental Accounting Standards Board (GASB), and is intended to provide an easily readable explanation of the information provided in the attached financial statements. Management Discussion and Analysis is designed to focus on the current year activities, resulting changes, and current known facts. It is by necessity highly summarized, and in order to gain a thorough understanding of the Authority's financial position, the financial statements and footnotes should be viewed in their entirety beginning on page 16 of this report. New standards issued by GASB have significantly changed the format of the financial statements. We encourage readers to consider the information presented here in conjunction with the Authority's financial statements as presented elsewhere in this report.

FINANCIAL HIGHLIGHTS

Net position of the Authority's enterprise fund was \$1,922,728 greater than the liabilities, a decrease in the financial position of \$50,840 or 3% percent.

As noted above, the net position of the Authority exceeded its liabilities by \$1,922,728 as of December 31, 2015. Of this amount, the unrestricted position is a negative (\$1,380) representing a decrease of \$53,887 or 103% percent from the previous year. During the year, the Authority had a prior period adjustment in the amount of (\$80,242) for recording Net Pension Liability. This adjustment was due to the implementation of GASB 68. Additional information on the Authority's unrestricted net position can be found in Note 13 to the financial statements, which is included in this report.

The net investment in capital assets had no change keeping the same balance as the prior year in the amount of \$1,061,385. The restricted position increased \$3,047 from the previous year for an ending balance of \$862,723. Additional information on the Authority's restricted net positions can be found in Note 12 to the financial statements, which is included in this report.

USING THIS ANNUAL REPORT

The Housing Authority's annual report consists of financial statements that show combined information about the Housing Authority's most significant program:

1. Housing Choice Voucher Program

The Housing Authority's auditors provided assurance in their independent auditors' report with which this MD&A is included, that the basic financial statements are fairly stated. The auditors provide varying degrees of assurance regarding the other information included in this report. A user of this report should read the independent auditors' report carefully to determine the level of assurance provided for each of the other parts of this report.

OVERVIEW OF THE FINANCIAL STATEMENT PRESENTATION

This discussion and analysis are intended to serve as an introduction to the Housing Authority's basic financial statements. The basic financial statements are prepared on an entity wide basis and consist of:

- 1) Statement of Net Position
- 2) Statement of Revenue, Expenses, and Changes in Net Position
- 3) Statement of Cash Flow
- 4) Notes to the Financial Statements

The Authority's financial statements and notes to financial statements included in this Report were prepared in accordance with generally accepted accounting principles (GAAP) applicable to governmental entities in the United States of America for the Enterprise Fund types. The Authority's activities are primarily supported by HUD subsidies and grants. The Authority's function is to provide decent, safe, and sanitary housing to low income and special needs populations. The financial statements can be found on pages 16 through 20.

Statement of Net Position – This statement presents information on the Authority's total of assets and deferred outflow of resources, and total of liabilities and deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position will serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

Statement of Revenue, Expenses and Changes in Net Position – This statement presents information showing how the Authority's net position increased or decreased during the current fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash inflows and cash outflows in the future periods.

MANAGEMENT'S DISCUSSION AND ANALYSIS
AT DECEMBER 31, 2015**

OVERVIEW OF THE FINANCIAL STATEMENT PRESENTATION - CONTINUED

Statement of Cash Flow– This statement presents information showing the total cash receipts and cash disbursements of the Housing Authority during the current fiscal year. The statement reflects the net changes in cash resulting from operations plus any other cash requirements during the current year (i.e. capital additions, debt payments, prior period obligations, etc.). In addition, the statement reflects the receipt of cash that was obligated to the Housing Authority in prior periods and subsequently received during the current fiscal year (i.e. accounts receivable, notes receivable, etc.).

Notes to the Financial Statements - Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided. These notes give greater understanding on the overall activity of the Housing Authority and how values are assigned to certain assets and liabilities and the longevity of these values. In addition, notes reflect the impact (if any) of any uncertainties the Housing Authority may face. The Notes to Financial Statements can be found in this Report beginning on pages 21 through 44.

In addition to the basic financial statements listed above, our report includes supplemental information. This information is to provide more detail on the Housing Authority's various programs and the required information mandated by regulatory bodies that fund the Housing Authority's various programs.

The Schedule of Expenditures of Federal Awards is presented for purpose of additional analysis as required by the Uniform Guidance, Audits of States, Local Governments and Non-profit Organizations. The schedule of Expenditures of Federal Awards can be found on pages 45-46 of this report.

- 1. Federal Awards** - Pursuant to the Single Audit Act Amendments of 1996 (Public Law 104-156) and Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), federal award is defined as federal financial assistance and federal cost reimbursement contracts that non-federal agencies receive directly or indirectly from federal agencies or pass-through entities. Federal financial assistance is defined as assistance that nonfederal entities receive or administer in the form of grants, loans, loan guarantees, property, cooperative agreements, interest subsidies, insurance, direct appropriations and other assistance.

- 2. Type A and Type B Programs** - The Single Audit Act Amendments of 1996 and the Uniform Guidance establish the levels of expenditures or expenses to be used in defining Type A and Type B Federal financial assistance programs. Type A programs for the Old Bridge Township Housing Authority are those which equal or exceeded \$750,000 in expenditures for the fiscal year ended December 31, 2015. Type B programs for the Old Bridge Township Housing Authority are those which are less than \$750,000 in expenditures for the fiscal year ended December 31, 2015.

FINANCIAL ANALYSIS OF THE AUTHORITY (ENTITY WIDE) - CONTINUED

The Authority's reported net position of \$1,922,728 is made up of three categories. The net investment in capital assets in the amount of \$1,061,385 represents 55% percent of the total account balance. The net investment in capital assets (e.g., land, and office equipment); less any related debt used to acquire those assets that are still outstanding. The Authority uses these capital assets to provide housing support services for the tenants of the Housing Choice Voucher Program; consequently, these assets are not available for future spending. There was no activity in this account for the fiscal year ended December 31, 2015. The balance remained the same from the prior year.

The second largest portion of the Authority's net position reflects its restricted position in the amount of \$862,723 which increased \$3,047 or less than 1% percent compared to the prior fiscal year.

The Old Bridge Township Housing Authority operating results for December 31, 2015 reported a decrease in unrestricted position of \$53,887 or 103% percent for an ending balance of (\$1,380). During the year, the Authority had a prior period adjustment in the amount of (\$80,242) for the recording Net Pension Liability. This adjustment was due to the implementation of GASB 68. A full detail of this account can be found in the Notes to the Financial Statements section Note – 11. A full detail of these accounts can be found in the Notes to the Financial Statements section Notes – 12 & 13.

FINANCIAL ANALYSIS OF THE AUTHORITY (ENTITY WIDE) - CONTINUED

The Authority operating revenue exceeded its operating expenses resulting in an excess revenue from operations in the amount of \$29,241 from operations as compared to excess expenses from operations of \$57,690 for the previous year. The key elements for the decrease in expenses over revenue in comparison to the prior year are as follow:

- The Authority reported an increase in Housing Choice Voucher grants provided by HUD in the amount of \$108,602 or 7% percent.
- Other revenues increased \$48,049 or 26% percent mainly due to increases in portability.
- The Authority's administrative expenses experienced a decrease in the amount of \$15,785 or 8% percent due to decreased payroll and employee benefit costs. All of the employee functions are handled by a management agreement with the South Amboy Housing Authority.
- Housing assistance payments increased in the amount of \$84,097 or 5% percent.

Total net cash provided by operating activities during the year was \$19,897. A full detail of this amount can be found on the Statement of Cash Flow on pages 19-20 of this report.

THE AUTHORITY AS A WHOLE

The Authority's revenues consist primarily of rents and subsidies and grants received from HUD. The Authority receives subsidies each month based on a pre-approved amount by HUD. Grants are drawn down based on need against a pre-authorized funding level. The Authority's revenues were not sufficient to cover all expenses excluding depreciation expense.

THE OLD BRIDGE TOWNSHIP HOUSING AUTHORITY PROGRAMS

Housing Choice Voucher Program:

Under the Housing Choice Voucher Program, the Authority administers contracts with independent landlords to provide housing to Section 8 tenants. The Authority subsidizes the tenant's rent through Housing Assistance Payment made to the landlord. This program is also administered under an Annual Contributions Contract (ACC) with HUD. HUD provides annual contributions funding to enable the Authority to structure a lease that sets the participants' rent at approximately 30% of household income subject to certain restrictions

Township of Old Bridge Affordable Housing Trust Fund:

The Authority administers an affordable housing trust fund, for the Township, which is to provide housing assistance payments for families residing in the Township of Old Bridge (C.O.H.A.).

BUDGETARY HIGHLIGHTS

For the year ended December 31, 2015, individual program or grant budgets were prepared by the Authority and adopted by the Board of Commissioners. The budgets were primarily used as a management tool and have no legal stature. The budgets were prepared in accordance with the accounting procedures prescribed by the applicable funding agency.

The budget for the Housing Choice Voucher Program was adopted on the basis of accounting practices prescribed by the U.S. Department of Housing and Urban Development (HUD), which differ in some respects from generally accepted accounting principles. The Housing Choice Voucher program Housing Assistance Payments (HAP) funds were approved by the U.S. Department of Housing and Urban Development (HUD) on a basis consistent with the grant application covering HAP programs.

NEW INITIATIVES

For the year 2015 and carrying over to 2016 the Housing Authority's primary focus has been on funding and accountability. As a public entity that derives approximately 88% percent of its revenue from the Department of Housing and Urban Development, (2014 was 90% percent), the Authority are constantly monitoring for any appropriation changes especially since it appears the nation is continuing an era of need for additional public assistance to help families meet the challenges of a very tumultuous economy.

The current administration of the Authority is determined to improve the financial results of the Authority's operations. The Authority has made steady progress in various phases of our operations, all the while maintaining a strong occupancy percentage and a high utilization rate in Housing Assistance Programs. Interactions with the residents are a constant reminder of the need of the services. Regardless of the constraints (financial or regulatory) placed on this Housing Authority, the Authority will continuously look for ways to better provide or expand housing and housing assistance to qualified residents of the Old Bridge Township all the while being mindful of their responsibility to be good stewards of the public's tax dollars.

CAPITAL ASSETS AND DEBT ADMINISTRATION

1 – Capital Assets

The Authority's investment in capital assets as of December 31, 2015 is \$1,061,385 (net of accumulated depreciation). This investment in capital assets includes land, and office equipment. There was no change in the account during the fiscal year ended December 31, 2015.

**OLD BRIDGE TOWNSHIP HOUSING AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
AT DECEMBER 31, 2015**

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The Old Bridge Township Housing Authority is primarily dependent upon HUD for the funding of operations; therefore, the Housing Authority is affected more by Federal budget than by local economic conditions. Pressure on the federal budget will remain in the form of both record deficits and competing funding needs. We do not expect this consistent trend to change.

The following factors were considered in preparing the Authority's budget for the fiscal year ending December 31, 2016.

- State of New Jersey economy including the impact on tenant income. Local inflationary, recessionary and employment trends, which can affect resident incomes and therefore the amount of rental income. Tenant rental payments are based on tenant income.
- The need for Congress to fund the Department of Defense and Homeland Security due to the war on terrorism and other impending military activities will probably result in reduced appropriations for all other domestic program spending.
- Continued increases in health care insurance are expected to impact employee benefits cost over the next several years.
- Inflationary pressure on utility rates, supplies and other cost.
- Trends in the housing market which affect rental housing available for the Section 8 tenants, along with the amount of the rents charged by the private landlords, are expected to have a continued impact on Section 8 HAP payments.

OLD BRIDGE TOWNSHIP HOUSING AUTHORITY

Notes to Financial Statements

December 31, 2015

NOTE 1 - SUMMARY OF ORGANIZATION, ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

1. Organization - The Authority is a non-profit corporation which was organized under the laws public corporation created under federal and state housing laws as defined by State statute (N.J., S.A. 40A:12A-1 et al the Housing Authority Act) for the purpose of engaging in the development, acquisition and administrative activities of the low-income housing program and other programs with similar objectives for low and moderate income families residing in the Old Bridge Township in accordance with the rules and regulations prescribed by the Department of Housing and Urban Development (HUD).

The Authority is governed by a Board of Commissioners which is essentially autonomous but is responsible to the U.S. Department of Housing and Urban Development and the State of New Jersey Department of Community Affairs. An Executive Director is appointed by the Housing Authority's Board to manage the day-to-day operations of the Authority.

Operating grant is provided to the Authority by the federal government.

The financial statements include all the accounts of the Authority. The Authority is the lowest level of government over which the Authority's Board of Commissioners and Executive Director exercise oversight responsibility. The Authority is not included in any governmental "reporting entity" since its board members; while they are appointed primarily by the Mayor of Old Bridge and Township Council, the Board of Commissioners have decision making authority, the power to designate management, the responsibility to significantly influence operations, and primary responsibility for accounting and fiscal matters. The Authority has also concluded that it is excluded from the Old Bridge Township reporting entity.

Based on the following criteria, the Authority has not identified any entity which should be subject to evaluation for inclusion in the Authority's reporting entity. The criteria for including or excluding a component unit relationship as set forth in GASB's #61 *The financial Reporting Entity* and Financial Reporting Standards, include whether:

- A. The organization is legally separate.
- B. The organization is fiscal dependency on the primary government.
- C. The organization has potential to impose a financial benefit or burden on the primary government.
- D. The organization meets the financial accountability criteria for inclusion as a component unit of the primary government.
- E. The primary government is able to impose its will on the organization.

2. Significant Accounting Policies

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accompanying financial statements are presented in conformity with accounting principles generally accepted in the United States of America for governmental units as prescribed by the Governmental Accounting Standards Board (GASB) and other authoritative sources. The Authority has determined that the applicable measurement focus (flow of economic resources) and accounting basis (accrual) is similar to that of a commercial enterprise. As such, the use of proprietary funds best reflects the activities of the Authority. Entities using this method observe all Financial Accounting Standards Board (FASB) Statements and Interpretations in the preparation of financial statements, unless the GASB has specifically addressed the accounting issue in one of its own pronouncements. GASB-20-“Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting” addresses the applicability of the various FASB’s, and allows several options in the use of the FASB’s. The Authority has elected to use Alternative 2 of GASB-20 which states that “a proprietary activity may also apply all FASB Statements and Interpretations issued after November 30, 1989, except for those that conflict with or contradict GASB pronouncements”. Also, the Authority has elected to not follow FASB-106, FASB-112, and FASB-132, which all deal with pension reporting. Instead, the Authority follows GASB-45-“Accounting for Pensions by State and Local Governmental Employers.”

New Accounting Standards Adopted –

New Accounting Standards Adopted

Statement No. 68 of the Government Accounting Standards Board (“GASB 68”) *Accounting and Financial Reporting for Pensions – an amendment of GASB statement No. 27* was issued in June 2012. This Statement establishes financial reporting standards for state and local governmental pension plans, defined benefit pensions plans and defined contributions pension plans that are administered through trusts or equivalent programs.

The requirements of GASB 68 apply to the financial statements of all state and local governmental employers whose employees are provided with pensions through pension plans that are administered through trusts that meet certain criteria and to the financial statements of state and local governmental non employer contributing entities that have a legal obligation to make contributions directly to such pension plans.

GASB 68 establishes standards for measuring and recognizing liabilities, deferred outflows of resources, and deferred inflows of resources, and expense/expenditures.

GASB 68 replaces the requirements of Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers*, and Statement No. 50, *Pension Disclosures*, as they relate to pensions that are provided through pension plans administered as trusts or equivalent arrangements that meet certain criteria.

Basis of Accounting –

In Enterprise fund, activities are recorded using the accrual basis of accounting. Under the accrual basis of accounting revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. This requires the Housing Authority to account for operations in a manner similar to private business or where the Board has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability.

The major sources of revenue are HUD operating subsidy, and other revenue.

HUD Section 8 Housing Choice Voucher Assistance Program receives from HUD an Annual Budget Amount (ABA) during the year in accordance with applicable HUD program guidelines. As of January 1, 2005 excess funds disbursed by HUD to the Authority for the payment of HAP's that are not utilized are not returned to HUD, but become part of the undesignated fund balance and may only be used to assist additional families up to the number of units under contract.

Administrative fee paid by HUD to the Authority in excess of administrative expenses are a part of the undesignated fund balance and are considered to be administrative fee reserves.

Other revenue composed primarily of miscellaneous services fees and residents portability income charges. The revenue is recorded as earned since it is measurable and available. Non-operating revenue and expenses consist of revenues and expenses that are related to financing and investing activities and result from non-exchange transactions or ancillary activities.

Financial transactions are recorded and organized in accordance with the purpose of the transaction. Each program is an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. All material inter-program accounts and transactions are eliminated in the preparation of the basic financial statements. Because the Authority's activity is considered self-financing and does not rely on specific taxes or fines (i.e. property taxes, sales and use tax etc.) no activity will be maintained as governmental funds but will be recorded as proprietary funds under the Enterprise Fund.

Report Presentation -

The Authority's basic financial statements are presented on an entity-wide basis consisting of various housing programs. The financial statements included in this report were prepared in accordance with generally accepted accounting principles (GAAP) in the United States of America. In accordance with GASB Statement No. 34, the report includes Management's Discussion and Analysis. The Authority has implemented the general provisions of GASB Statement No. 34.

Also the Authority adopted the provisions of Statement No. 37 "Basic Financial Statement and Management's Discussion and Analysis for State and Local Governments" Statement No.38 "Certain Financial Statement Note Disclosures", and Statement No. 63 "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position" which supplements GASB Statement No. 34.

GASB Statement No. 34 established standards for external financial reporting for all State and Local Governments entities that includes a statement of net assets, a statement of revenue, expenses, and changes in net assets, and a statement of cash flow.

GASB Statement No. 63 requires the classification of "net assets" into "net position" which consists of three components, Net Investment in Capital Assets, Restricted, and Unrestricted.

The adoptions of Statement No. 34, Statement No. 37, Statement No. 38, and Statement No. 63 have no significant effect on the financial statements except, for the classification of net position in accordance with Statement No. 63.

Net Investment in Capital Assets.

The net position consists of capital assets, net of accumulated depreciation and reduced by outstanding balances of debt issued to finance the acquisition, improvement, or construction of those assets.

Restricted.

The net position less that are subject to constraints on their use by creditors, grantors, contributors, legislation, or other governmental laws or regulations.

Unrestricted.

The net position consists of net assets that do not meet the definition of Restricted Net Position or Invested in Capital Assets, Net of Related Debt.

The federally funded programs administered by the Authority are detailed in the Financial Data Schedule and the Schedule of Expenditures of Federal Awards; both are which are included as Supplemental information.

Other accounting policies are as follows

- 1 – Cash and cash equivalents are stated at cost, which approximates market. Cash and cash equivalents include cash in banks, petty cash and certificates of deposit, and other investments with original maturities of less than three months from the date of purchase. Investments are recorded at fair value based on quoted market prices. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties.
- 2 – Collection losses on accounts receivable are charged against an allowance for doubtful accounts.
- 3 – Buildings and equipment are recorded at cost for all programs and depreciation is computed on the straight line basis.
- 4 – Operating subsidies received from HUD are recorded as income when earned.
- 5 – The cost of accumulated unpaid compensated absences, including fringe benefits, is reported in the period earned rather than in the period paid.
- 6 – Prepaid expenses represent payments made by the Authority in the current year to provide services occurring in the subsequent fiscal year.
- 7 - The Authority has elected not to apply to its proprietary activities Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee of accounting Procedure issued after November 30, 1989.
- 8– The Authority does not have any infrastructure assets for its Enterprise Fund.
- 9 – Inter-fund receivable and payables arise from inter-fund transactions and are recorded by all funds in the period in which the transactions are executed.
- 10- Advertising cost is charged to expense when incurred.

Other accounting policies – Continued

11- Certain conditions may exist as of the date the financial statements are issued, which may result in a loss to the Authority but which will only be resolved when one or more future events occur or fail to occur. The Authority's management and its legal counsel assess such contingent liabilities, and such assessment inherently involves an exercise of judgment. In assessing loss contingencies related to legal proceedings that are pending against the Authority or unasserted claims that may result in such proceedings, the Authority's legal counsel evaluates the perceived merits of any legal proceedings or unasserted claims as well as the perceived merits of the amount of relief sought or expected to be sought therein. If the assessment of a contingency indicates that it is probable that a material loss has been incurred and the amount of the liability can be estimated, then the estimated liability would be accrued in the Authority's financial statements. If the assessment indicates that a potentially material loss contingency is not probable but is reasonably possible, or is probable but cannot be estimated, then the nature of the contingent liability, together with an estimate of the range of possible loss if determinable and material, would be disclosed. Loss contingencies considered remote are generally not disclosed unless they involve guarantees, in which case the nature of the guarantee would be disclosed.

12- Costs related to environmental remediation are charged to expense. Other environmental costs are also charged to expense unless they increase the value of the property and/or provide future economic benefits, in which event they are capitalized. Liabilities are recognized when the expenditures are considered probable and can be reasonably estimated. Measurement of liabilities is based on currently enacted laws and regulations, existing technology, and undiscounted site-specific costs. Generally, such recognition coincides with the Authority's commitment to a formal plan of action.

13- When expenses are incurred where both restricted and unrestricted net positions are available the Authority will first use the restricted funds until they are exhausted and then the unrestricted net position will be used.

14- Fair Value Measurements – Fair value is defined as an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. Generally accepted accounting principles defined a three-tier hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1: Observable inputs such as quoted prices in active markets;
- Level 2: Inputs, other than quoted prices in active markets that are observable either directly or indirectly; and
- Level 3: Unobservable inputs for which there is little or no market data, which requires the Authority to develop assumptions.

Budgetary and Policy Control -

The Authority submits its annual operating to the State of New Jersey Department of Community Affairs in accordance with New Jersey statute. After the New Jersey Department of Community Affairs approves the budget, it is formally adopted by resolution of the Housing Authority's Board of Commissioners. Once adopted, the Board of Commissioners may amend the legally adopted budget when unexpected modifications are required in estimated revenues and expenses. Each fund's budget is prepared on a detailed line item basis. Revenues are budgeted by source and expenditures are budgeted by expense classification within each revenue source.

Activities - The only programs or activities administered by the Authority were:

<u>Program</u>	<u>CFDA #</u>	<u>Project #</u>	<u>Units Authorized</u>
<u>Section 8 Housing</u>			
Housing Choice Vouchers	14.871	NJ-39V-110	204

Housing Trust Fund

The Authority administers an affordable housing trust fund which is to provide housing assistance payments for families residing in the Township of Old Bridge.

Housing Choice Vouchers Program

Under the Housing Choice Voucher Program, the Authority administers contracts with independent landlords to provide housing to Section 8 tenants. The Authority subsidizes the tenant's rent through Housing Assistance Payment made to the landlord. This program is also administered under an Annual Contributions Contract (ACC) with HUD.

Taxes - Under federal, state, and local law, the Authority's program are exempt from income, property and excise taxes.

Grants - The Authority receives reimbursement from various grantors for the cost of sponsored projects, including administrative cost. Grant revenues are recognized as income when earned. Grant expenditures are recognized on the accrual basis.

OLD BRIDGE TOWNSHIP HOUSING AUTHORITY

Notes to Financial Statements

December 31, 2015

Board of Commissioners - The criteria used in determining the scope of the entity for financial reporting purposes are as follows:

1. The ability of the Board to exercise supervision of a component unit's financial independence.
2. The Board's governing authority extends to financial decision making authority and is held primarily accountable for decisions.
3. The Board appoints the management of the Authority who is responsible for the day-to-day operations and this management are directly accountable to the Board.
4. The ability of the Board to significantly influence operations through budgetary approvals, signing and authorizing contracts, exercising control over facilities, and approving the hiring or retention of key managerial personnel.
5. The ability of the Board to have absolute authority over all funds of the Authority and have accountability in fiscal matters.

NOTE 2 – ESTIMATES

The financial statements and related disclosures are prepared in conformity with accounting principles generally accepted in the United States. Management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and revenue and expenses during the period reported. These estimates include assessing the collectibility of accounts receivable, the use, and recoverability of inventory, and the useful lives and impairment of tangible and intangible assets, among others. Estimates and assumptions are reviewed periodically and the effects of revisions are reflected in the financial statements in the period they are determined to be necessary. Actual results could differ from the estimates.

OLD BRIDGE TOWNSHIP HOUSING AUTHORITY

Notes to Financial Statements December 31, 2015

NOTE 3 - PENSION PLAN

The Authority participates in the State of New Jersey Public Employees Retirement System (PERS), which is sponsored and administered by the New Jersey Division of Pensions and Benefits. It is a cost sharing, multiple-employer defined benefit pension plan. PERS was established in January 1955 under the provision of NJ SA 43:15A to provide coverage, including post-retirement health care, for substantially all full time employees of the state, its counties, municipalities, school districts or public agencies, provided the employee is not a member of another state administered retirement system.

Membership is mandatory for such employees. Contributions to the plan are made by both the employee and the Authority. Required employee contributions to the system are based on a flat rate determined by the New Jersey Division of Pensions for active plan members. Benefits paid to retired employees are based on length of service, latest earnings, and veteran status. Authority contributions to the system are determined by PERS and are billed annually to the Authority.

The State of New Jersey, Department of Treasury, Division of Pensions and Benefits, issued publicly available financial reports that include the financial statements and required supplementary information for PERS. The financial reports may be obtained by writing to the State of New Jersey, Department of Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0925.

On the web:

<http://www.state.nj.us/treasury/pensions/pdf/financial/2015divisioncombined.pdf>

Funding Policy

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994 and Chapter 115, P.L. of 1998, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. Employer's contributions are actuarially determined annually by the Division of Pensions. Employee contributions are currently 7.20% of base wages. The annual employer contribution includes funding for basic retirement allowances, cost-of-living adjustments, and the cost of medical premiums after retirement for qualified retirees, and noncontributory death benefits. The Authority's contribution for 2015 amounted to \$3,507.

Post Employment Retirement Benefits

The Authority provides post employment health care benefits and life insurance for its eligible retirees. Eligibility requires that employees be 55 years or older with various years of service.

NOTE 4 – CASH, CASH EQUIVALENTS

The Authority's cash, cash equivalents are stated at cost, which approximates market. Cash, cash equivalents and investment includes cash in banks, petty cash and a money market checking account and certificates of deposit, and other investments with original maturities of less than three months from the date of purchase. For the statement of cash flows, cash and cash equivalents include all cash balances and highly liquid investments with a maturity of three months or less at time of purchase. It is the Authority's policy to maintain collateralization in accordance with the State of New Jersey and HUD requirements.

HUD requires housing authorities to invest excess funds in obligations of the United States, Certificates of Deposit or any other federally insured investment. HUD also requires that deposits be fully collateralized at all times. Acceptable collateralization includes FDIC/FSLIC insurance and the market value of securities purchased and pledged to the political subdivision. Pursuant to HUD restrictions, obligations of the United States are allowed as security for deposits. Obligations furnished as security must be held by the Authority or with an unaffiliated bank or trust company for the account of the Authority. These funds at various banks are collateral pledge under the New Jersey Government Code of the Banking Law.

Collateral for Deposits

New Jersey Authorities are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or State of New Jersey or the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of securities which may be purchased by New Jersey Authorities. The Authority is required to deposit funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey.

The book balance at December 31, 2015 for unrestricted cash was \$17,756, and restricted cash of \$62,723 as discussed below:

	<u>December-15</u>
Amboy National Bank - Trust Funds	\$ 56,302
Amboy National Bank - Checking Accounts	24,177
Total Cash and Cash Equivalents	<u>\$ 80,479</u>

The Authority has restricted cash in the amount of \$6,421 as of December 31, 2015 which is for the Section 8 Housing Choice Voucher Program HAP Reserve. The Authority as of December 31, 2015 also had restricted cash in the amount \$56,302 which is restricted for the housing trust fund that the Authority administers.

NOTE 4 – CASH, CASH EQUIVALENTS - CONTINUED

Risk Disclosures

Interest Rate Risk

As a means of limiting its exposure to fair value losses arising from rising interest rates, the Authority's investment policy limits the Authority's investment portfolio to maturities not to exceed two years at time of purchase. At December 31, 2015, the Authority's deposits and investments were not limited and all of which are either available on demand or have maturities of less than two years.

Credit Risk

This is risk that a security or a portfolio will lose some or all of its value due to a real or perceived change in the ability of the issuer to repay its debt. The Authority's investment policy is that none of its total portfolio may be invested in securities of any single issuer, other than the US Government, its agencies and instrumentalities. The Authority's checking accounts are categorized to give indication of the level of credit risk assumed by the Authority. Custodial credit risk is the risk in the event of a bank failure, the Authority's deposits may not be returned to it. The custodial credit risk categories are described as follows:

<u>Depository Accounts</u>	<u>December-15</u>
Insured	\$ 80,479
Collateralized held by pledging bank's trust department in the Authority's name	-
Total Cash and Cash Equivalents	<u>\$ 80,479</u>

NOTE 5 - ACCOUNTS RECEIVABLE

Accounts Receivable at December 31, 2015 consisted of the following:

	<u>December-15</u>
Accounts Receivable - Employee Theft	\$ 77,589
Less: Allowance for Doubtful Accounts	<u>(13,400)</u>
Net Accounts Receivable - Employee Theft	<u>64,189</u>
Fraud Recovery	2,995
Less Allowance for Fraud Recovery	<u>(2,995)</u>
Net Fraud Recovery	<u>-</u>
Accounts Receivable - Net of Allowances	<u>\$ 64,189</u>

The Old Bridge Township Housing Authority carries its accounts receivable at cost less an allowance for doubtful accounts. On a periodic basis, the Authority evaluates its accounts receivable and establishes an allowance for doubtful accounts based on history of past write off's, collections, and current credit conditions. Accounts are written off as uncollectible when management determines that a sufficient period of time has elapsed without receiving payment and the individual do not exhibit the ability to meet their obligations.

Two former Housing Choice Voucher employees were indicted on charges of official misconduct and theft by unlawful taking of funds from the Authority. A court order is in place and payments are being received in subsequent years. Management has estimated seventeen percent (17%) to be a fair assumption for the allowance for doubtful accounts.

NOTE 6 - INTERFUND ACTIVITY

Interfund activity is reported as short term loans, services provided during the course of operations, reimbursements, or transfers. Short term loans are reported as interfund short term receivables and payable as appropriate. The amounts between the various programs administered by the Authority at December 31, 2015 are detailed on the Financial Data Schedule of this report. Interfund receivables and payables between funds are eliminated in the Statement of Net Position.

NOTE 7 - FIXED ASSETS

Fixed assets consist primarily of expenditures to acquire, construct, place in operations, and improve the facilities of the Authority. Property and equipment are stated at cost. Donated fixed assets are stated at their fair value on the date donated. Depreciation is provided using the straight line method over the estimated useful lives of the assets.

- 1. Office Equipment 5 years

Expenditures for repairs, maintenance and minor renewals are charged against income in the year they are incurred. Major renewals and betterment are capitalized. Expenditures are capitalized when they meet the Capitalization Policy requirements. Under the policy, assets purchased or constructed at a cost not exceeding \$1,000 are expensed when incurred.

The Old Bridge Township Housing Authority has given consideration to the GASBS #42, Accounting for the Impairment or Disposal of Long-Lived Assets, in the preparation of these financial statements.

The carrying value of long-live assets in accordance with GASBS #42, when indications of an impairment are present, the recoverability of the carrying value of the asset in question are assessed based on the future undiscounted cash flow expected to result from their use. If the carrying value cannot be recovered, impairment losses would be recognized to the extent the carrying value exceeds fair value. The Authority has not recognized any impairment in the carry value of its fixed assets at December 31, 2015.

Below is a schedule of changes in fixed assets for the twelve months ending December 31, 2015:

NOTE 8 – OTHER ASSETS – MORTGAGE RECEIVABLE:

On December 8, 2003, the Authority advanced \$800,000 to the Old Bridge Housing Urban Renewal Partnership, L.P. for the construction of an affordable elderly development. The loan is non-interest bearing, secured by a third mortgage on the premises and is due thirty (30) years from the first day of the month following completion of the construction of the development, which was August 1, 2005. Accordingly, the maturity date is to be August 1, 2036.

NOTE 9 – DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

A deferred outflow is an outflow of resources, which is a consumption of net assets by the government that is applicable to the reporting period. A deferred inflow is an inflow of resources, which is an acquisition of net assets by the government that is applicable to the reporting period.

The Pension Liability discussed in Note 11 resulted in the Authority incurring deferred outflows and inflows. The difference between expected and actual experience with regard to economic and demographic factors, when the actuary calculated the net pension liability, is amortized over a five-year closed period for PERS, reflecting the average remaining service life of members (active and inactive members), respectively. The first year of amortization is recognized as pension expense with the remaining years shown as either a deferred outflow of resources or a deferred inflow of resources. The Authority's deferred outflows and inflows are as follows:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experiences	\$ 2,185	\$ -
Changes in Assumptions	9,834	-
Net Difference Between Projected and Actual Earning on	-	1,472
Changes in Proportion and Differences Between	168	133
Contributions Subsequent to the Measurement Date	-	-
Total	<u>\$ 12,187</u>	<u>\$ 1,605</u>

Difference in Expected and Actual Experience

The difference between expected and actual experience with regard to economic and demographic factors is amortized over a five year closed period reflecting the average remaining service life of the plan members (active and inactive), respectively. The first year of amortization is recognized as pension expense with the remaining years shown as either deferred outflow of resources or a deferred inflow of resources. The collective amount of the difference between expected and actual experience for the fiscal year is \$2,185.

NOTE 9 – DEFERRED OUTFLOWS/INFLOWS OF RESOURCES-CONTINUED

Changes in Assumptions

The change in assumptions about future economic or demographic factors or other inputs is amortized over a five year closed period, reflecting the average remaining service life of the plan members (active and inactive members), respectively. The first year of amortization is recognized as pension expense with the remaining years shown as either a deferred outflow of resources or a deferred inflow of resources. The collective amount of the difference between expected and actual experience for the fiscal year is \$9,834.

Net Difference between Projected and Actual Investments Earnings on Pension Plan Investments

The difference between the System's expected rate of return of and the actual investment earnings on pension plan investments is amortized over a five year closed period in accordance with GASB 68. The first year of amortization is recognized as pension expense with the remaining years shown as either a deferred outflow of resources or a deferred inflow of resources. The collective amount of the difference between expected and actual experience for the fiscal year is \$-0- and \$1,472.

Changes in Proportion

The change in employer proportionate share is the amount of difference between the employer proportionate share of net pension liability in the prior year compared to the current year. The change in proportionate share and the difference between employer contributions and proportionate share of contributions is amortized over a *five* year closed period, reflecting the average remaining service life of the plan members (active and inactive members), respectively. The first year of amortization is recognized as pension expense with the remaining years shown as either a deferred outflow of resources or a deferred inflow of resources.

NOTE 10 – ACCOUNTS PAYABLE

The Authority reported accounts payable on its Statement of Net Position as of December 31, 2015. Accounts payable vendors are amount owing to creditors or generally on open accounts, as a result of delivered goods and completed services. Accounts payable at December 31, 2015 was in the amount of \$2,338.

NOTE 11 – ACCRUED PENSION LIABILITY

The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about PERS, please refer to Division's Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions/annrprts.shtml.

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PER provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS. The Authority participates in the State of New Jersey, Public Employees' Retirement System (PERS).

Contributions

The local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended September 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

Measurement Date

The net pension liability for fiscal year ending December 31, 2015 is determined at a measurement date of June 30, 2015. The total pension liability as of June 30, 2015 was determined by rolling forward the Plan's total pension liability as of July 1, 2014 to June 30, 2015. The plan fiduciary net position is the market value of plan assets as of June 30, 2015.

NOTE 11 – ACCRUED PENSION LIABILITY - CONTINUED

Net Pension Liability Information

The Authority as of December 31, 2015 reported a net pension liability in the amount of \$91,569 due to the adoption of GASB 68.

The component of the current year net pension liability of the Authority as of June 30, 2015, the last evaluation date, is as follows:

	<u>PERS</u>
Employer Total Pension Liability	\$ 175,852
Plan Net Position	<u>(84,282)</u>
Employer Net Pension Liability	<u>\$ 91,569</u>

The Authority allocation percentage is 0.0004079179% as of June 30, 2015.

Allocation Percentage Methodology

Although the Division administers one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarial determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense excluding that attributable to employer-paid member contributions are determined separately for each individual employer of the State and local groups of the plan.

To facilitate the separate (sub) actuarial valuations, the Division maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages presented for each group in the schedule of employer allocations are applied to amounts presented in the schedules of pension amounts by employer. The allocation percentages for each group as of June 30, 2015 and 2014 are based on the ratio of each employer's contributions to total employer contributions of the group for the fiscal years ended June 30, 2015 and 2014, respectively. For this first year implementation there was a change in allocation percentage from June 30, 2014 to June 30, 2015.

Discount Rate

The discount rate used to measure the total pension liability was 4.90% as of June 30, 2015. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 4.9%, and a municipal bond rate of 3.80% as of June 30, 2015, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

OLD BRIDGE TOWNSHIP HOUSING AUTHORITY

Notes to Financial Statements

December 31, 2015

NOTE 11 – ACCRUED PENSION LIABILITY - CONTINUED

The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2033. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2033, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Discount Rate -Continued

Should contributions to the Plan be different from those outlined above, the results would reflect the new contribution policy and may result in the Fiduciary Net Plan Position not being sufficient to cover the Plan's benefit payments at some future date and thus changing the discount rate used to determine the Plan's Total Pension Liability.

Long-Term Expected Rate of Return

The arithmetic mean return on the portfolio was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2015. The capital market assumptions are per Buck's investment consulting practice for 2015.

The determination of each employer's projected long term contribution effort is accomplished by computing the actuarially determined indexed present value of future compensation using census data as of June 30, 2015. The indexed present value of future compensation for each employer is calculated by multiplying the present value of future projected compensation for current employees (that is, on a closed basis) by the applicable cost index for each participant. The present value of future compensation for a participant incorporates:

- 1) Current employee demographics, including age, years of service, and salary,
- 2) Projected salary increases, and
- 3) Decrements (probabilities of retirement, death, and withdrawal).

OLD BRIDGE TOWNSHIP HOUSING AUTHORITY

Notes to Financial Statements

December 31, 2015

NOTE 11 – ACCRUED PENSION LIABILITY - CONTINUED

The cost indexes are designed to reflect the relative cost of benefits for groups of employees with a common benefit in relation to other groups within each GASB plan. These cost indexes are also used in the determination of annual required contributions. The cost indexes are based on a new entrant valuation where the most recent set of new members to

- 1) An PERS regular plan (retirement eligibility based on age and service),
- 2) An PERS special plan (retirement eligibility based on service alone), and

These new entrant rates are the employer contribution rates that would be paid over the employee's career assuming all valuation assumptions are realized without gains or losses. The ratio of new entrant rates between plans establishes the relative plan lucrativeness, or index.

Sensitivity of the Net Pension Liability to the Discount Rate Assumption

The following presents the current-period net pension liability of the employers calculated using the current-period discount rate assumption of 4.90 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (3.90 percent) or 1 percentage-point higher (5.90 percent) than the current assumption (in thousands). Sensitivity of the Authority's proportionate share of the Net Pension Liability due to change in the Discount Rate:

	1% Decrease (3.90%)	Current Discount (4.90%)	1% Increase (5.90%)
Authority's Proportionate Share of the Net Pension Liability (Asset)	\$ 113,810	\$ 91,569	\$ 72,923

Changes in Proportion and Differences between Contributions and Proportionate Share of Contributions

The change in employer proportionate share is the amount of difference between the employer proportionate shares of net pension liability in the prior year compared to the current year. The difference between employer contributions and proportionate share of contributions is the difference between the total amount of employer contributions and the amount of the proportionate share of employer contributions. The change in proportionate share and the difference between employer contributions and proportionate share of contributions is amortized over a six-year closed period for PERS, reflecting the average remaining service life of PERS members (active and inactive members), respectively.

NOTE 11 – ACCRUED PENSION LIABILITY - CONTINUED

The first year of amortization is recognized as pension expense with the remaining years shown as either a deferred outflow or resources or a deferred inflow of resources.

The cumulative net amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in future pension expense as follows:

Year Ending June 30, 2016	\$	1,920
Year Ending June 30, 2017	\$	1,920
Year Ending June 30, 2018	\$	1,920
Year Ending June 30, 2019	\$	3,058
Year Ending June 30, 2020	\$	1,729

Collective Pension Expense

Collective pension expense includes certain current period changes in the collective net pension liability, projected earnings on pension plan investments and the amortization of deferred outflows of resources and deferred inflows of resources for the current period. The collective pension expense for the period ended December 31, 2015 is \$6,013.

NOTE 12 – RESTRICTED NET POSITION

The Authority’s restricted net position account balance at December 31, 2015 is \$862,723. The details of the restricted reserve account balances are as follows:

Housing Choice Voucher Program HUD Held Reserves Funds

Effective January 1, 2012, HUD was required to control the disbursement of funds in such a way that the Authority does not receive funds before they are needed, resulting in the re-establishment of HUD held program reserves to comply with the Treasury requirements. HUD held reserve is a holding account at the HUD level that maintains the excess of HAP funds that have been obligated (ABA) but undisbursed to the Authority. The excess HAP funds will remain obligated but not disbursed to the Authority. HUD will hold these funds until needed by the Authority. The amount of HUD held reserves for the Authority at December 31, 2015 was \$223,938.

NOTE 13 – UNRESTRICTED NET POSITION

The Authority's unrestricted net position account balance at December 31, 2015 is a negative \$(1,380). The detail of the account balance is as follows:

	HCV ADM Reserves

NOTE 14 – RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the Authority purchases commercial insurance. During the year ended December 31, 2015, the Authority's risk management program, in order to deal with the above potential liabilities, purchased various insurance policies for fire, general liability, crime, auto, employee bond, worker's compensation, and public-officials errors omissions.

The Authority participates in the New Jersey Public housing Authority Joint Insurance Fund (NJPHA –JIF), which was established in 1998 by several Housing Authority's as a means of reducing the cost of general liability insurance.

The NJ-PHA JIF is a public entity risk pool currently operating as a common risk management and insurance program for the member Authority's. The main purpose of the Consortium is to jointly self-insure certain risks up to an agreed upon retention limit and to obtain excess Catastrophic coverage and aggregate stop-loss reinsurance over the selected retention limit. Coverage includes all property and \$4,000,000 for liability.

No settlement has exceeded coverage since establishment of the Consortium. In 2000 NJPHA –JIF added statutory worker's compensation coverage. For the fiscal year ended December 31, 2015 the Authority paid \$7,957 to NJPHA –JIF for property, general liability, public employee bond, public officials bond, auto coverage, excess liability, commercial package, and worker's compensation protection. Since the Consortium requests initial payments to cover substantially any losses to be incurred for that policy year, the Authority anticipates no future liabilities for incurred losses.

NOTE 15 - ANNUAL CONTRIBUTIONS BY FEDERAL AGENCIES

Annual Contributions Contracts for the Section 8 Housing Choice Voucher Program to provide for housing assistance payments to private owners of residential units on behalf of eligible low or very low income families. The programs provide for such payment with respect to existing housing covering the difference between the maximum rental on a dwelling unit, and the amount of rent contribution by the participating family and related administrative expense. HUD contributions for the Housing Choice Voucher for December 31, 2015 were in the amount of \$1,766,447.

NOTE 16 - CURRENT VULNERABILITY DUE TO CERTAIN CONCENTRATIONS

The Authority operations are concentrated in the low income housing real estate market. In addition, the Authority operates in a heavily regulated environment. The operations of the Authority are subject to the administrative directives, rules and regulations of federal, state, and local regulatory agencies, including, but not limited to HUD. Such administrative directives, rules, and regulations are subject to change by an act of congress or an administrative change mandated by HUD. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change.

Governmental Accounting Standards Boards Statements (GASBS) requires disclosure in financial statements of a situation where one entity provides more than 10% percent of the audited entity's revenues. Total financial support by HUD was \$1,766,447 to the Authority which represents approximately 88% percent of the Authority's total revenue for the year ended December 31, 2015.

NOTE 17 - CONTINGENCIES

Litigation – At December 31, 2015, the Authority is not involved in any litigation.

Grants Disallowances – The Authority participates in federally assisted grant programs. The programs are subject to compliance audits under the single audit approach. Such audits performed by the federal government could lead to adjustments for disallowed claims, including amounts already collected, and reimbursement by the Authority for expenditures disallowed under the terms of the grant. The Authority's management believes that the amount of disallowances, if any, which may arise from future audits will not be material.

NOTE 18 – PRIOR PERIOD ADJUSTMENT

For year ending December 31, 2015

As of December 31, 2015 the Authority had a prior period adjustment in the amount of (\$80,242) while recording Net Pension Liability. This adjustment was due to the implementation of GASB 68.

**INDEPENDENT AUDITOR'S REPORT
REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENTAL AUDITING STANDARDS**

Board of Commissioners
Old Bridge Township Housing Authority
2000 Route 18 North, Suite 100
Old Bridge, New Jersey 08857

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Old Bridge Township Housing Authority as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise Old Bridge Township Housing Authority's basic financial statements, and have issued our report thereon dated August 22, 2016.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Old Bridge Township Housing Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Old Bridge Township Housing Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of Old Bridge Township Housing Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Old Bridge Township Housing Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program

We have audited Old Bridge Township Housing Authority compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of Old Bridge Township Housing Authority major federal programs for the year ended December 31, 2015. Old Bridge Township Housing Authority major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Old Bridge Township Housing Authority major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Old Bridge Township Housing Authority compliance with those requirements and performing such other procedures as we consider necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Old Bridge Township Housing Authority's compliance.

Opinion on Each Major Federal Program

In our opinion, Old Bridge Township Housing Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2015.

Report on Internal Control Over Compliance

Management of Old Bridge Township Housing Authority is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Old Bridge Township Housing Authority's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Old Bridge Township Housing Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of This Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

Board of Commissioners
Old Bridge Township Housing Authority
2000 Route 18 North, Suite 100
Old Bridge, New Jersey 08857

We have performed the procedure described in the second paragraph of this report, which was agreed to by Old Bridge Township Housing Authority and the U.S. Department of Housing and Urban Development, Public Indian Housing-Real Estate Assessment Center (PIH-REAC), solely to assist them in determining whether the electronic submission of certain information agrees with the related hard copy documents included within the OMB Uniform Guidance reporting package. Old Bridge Township Housing Authority is responsible for the accuracy and completeness of the electronic submission. This agreed-upon procedure engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. The sufficiency of the procedure is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedure described below either for the purpose for which this report has been requested or for any other purpose.

We compared the electronic submission of the items listed in the "UFRS Rule Information" column with the corresponding printed documents listed in the "Hard Copy Documents" column. The results of the performance of our agreed-upon procedure indicate agreement or non-agreement of the electronically submitted information and hard copy documents as shown in the attached chart.

We were engaged to perform an audit in accordance with the Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), by Old Bridge Township Housing Authority as of and for the year ended December 31, 2015, and have issued our reports thereon dated August 22, 2016. The information in the "Hard Copy Documents" column was included within the scope, or was a by-product of that audit. Further, our opinion on the fair presentation of the supplementary information dated December 31, 2015, was expressed in relation to the basic financial statements of Old Bridge Township Housing Authority taken as a whole.

A copy of the reporting package required by OMB Uniform Guidance, which includes the auditor's reports, is available in its entirety from Old Bridge Township Housing Authority. We have not performed any additional auditing procedures since the date of the aforementioned audit reports. Further, we take no responsibility for the security of the information transmitted electronically to the U.S. Department of Housing and Urban Development, PIH-REAC.

This report is intended solely for the information and use of Old Bridge Township Housing Authority and the U.S. Department of Housing and Urban Development, PIH-REAC, and is not intended to be and should not be used by anyone other than these specified parties.
